

Lips

Level Innovative Piled Slab A Quick & Simple Foundation System Saves on Construction Cost & Time

- ✓ Reduction in carbon footprint.
- ✓ Operates in close proximity to buildings, trees, etc.
- ✓ Flexibility - can easily reposition piles.
- ✓ Easily avoids potential obstacles.
- ✓ Minimal spoil removal.
- ✓ Reduce construction programme.
- ✓ State of the art Finite Element Design for value engineering.
- ✓ Potential flexibility on piling mat requirements.

LIPS provides a complete & efficient foundation package up to DPM, ready for follow-on trades.

All Foundations offer a one-stop shop; reducing costs & risks from programming & supervision.

The philosophy of All Foundations is to give you a first rate service with minimum fuss, at a fair price.

From our head office, close to the M1 in the East Midlands, and regional offices based in the north and south of the country, we are ideally located to service your contracts anywhere within the UK. At our head office, we have development and maintenance facilities for our own plant and equipment.

By choosing the LIPS proprietary system the following operations & associated costs are replaced:

- Setting Out.
- Sub-Structure.
- Brickwork.
- Design.
- Pile Head Trimming.
- Pre-Cast Flooring.

- Excavation & Construction of Ground Beams.
- Compressible Material for Anti-Heave Measures.
- Extensive Muck-Away.

An innovative method of forming a void that results in a clear & uninterrupted air-flow meeting NHBC requirements. As well as the supervision required for these operations.
